

# PARK FIRE RESTRICTIONS updated 05 April 2019

Due to an extension of the 2018/19 Country Fire Service (CFS) Fire Danger Season dates within some districts additional restrictions apply:

- 1) only use designated campfire areas; and
- 2) make sure the area around and above the fire must be clear to 4 metres; and
- 3) the area of the fire should not exceed 1 metre square; and
- 4) a responsible person is near the fire at all times with water or appropriate extinguisher on hand; and
- 5) make sure the fire is out before leaving campsite.

**Note:**

Some parks have extended their fire ban dates – check dates below

**Note:**

Subject to the *National Parks and Wildlife (National Parks) Regulations 2016*, *Fire and Emergency Services Regulations 2005* and *Wilderness Protection Regulations 2006*, and the further restrictions detailed in the table below, fires are only permitted where:

- a) a Total Fire Ban has not been declared;
- b) wood or material used in the fire has not been collected from a reserve or wilderness protection area;
- c) a person who is able to control the fire is present at the site of the fire from the time it is lighted to the time it is completely extinguished; and
- d) unless otherwise permitted, wood or solid fuel fires must be in designated areas only.

# PARK FIRE RESTRICTIONS updated 05 April 2019

Due to an extension of the 2018/19 Country Fire Service (CFS) Fire Danger Season dates within some districts additional restrictions apply:

- 1) only use designated campfire areas; and
- 2) make sure the area around and above the fire must be clear to 4 metres; and
- 3) the area of the fire should not exceed 1 metre square; and
- 4) a responsible person is near the fire at all times with water or appropriate extinguisher on hand; and
- 5) make sure the fire is out before leaving campsite.

**Note:**

Some parks have extended their fire ban dates – check dates below

**Note:**

Subject to the *National Parks and Wildlife (National Parks) Regulations 2016*, *Fire and Emergency Services Regulations 2005* and *Wilderness Protection Regulations 2006*, and the further restrictions detailed in the table below, fires are only permitted where:

- a) a Total Fire Ban has not been declared;
- b) wood or material used in the fire has not been collected from a reserve or wilderness protection area;
- c) a person who is able to control the fire is present at the site of the fire from the time it is lighted to the time it is completely extinguished; and
- d) unless otherwise permitted, wood or solid fuel fires must be in designated areas only.

# PARK FIRE RESTRICTIONS updated 05 April 2019

Due to an extension of the 2018/19 Country Fire Service (CFS) Fire Danger Season dates within some districts additional restrictions apply:

- 1) only use designated campfire areas; and
- 2) make sure the area around and above the fire must be clear to 4 metres; and
- 3) the area of the fire should not exceed 1 metre square; and
- 4) a responsible person is near the fire at all times with water or appropriate extinguisher on hand; and
- 5) make sure the fire is out before leaving campsite.

**Note:**

Some parks have extended their fire ban dates – check dates below

**Note:**

Subject to the *National Parks and Wildlife (National Parks) Regulations 2016*, *Fire and Emergency Services Regulations 2005* and *Wilderness Protection Regulations 2006*, and the further restrictions detailed in the table below, fires are only permitted where:

- a) a Total Fire Ban has not been declared;
- b) wood or material used in the fire has not been collected from a reserve or wilderness protection area;
- c) a person who is able to control the fire is present at the site of the fire from the time it is lighted to the time it is completely extinguished; and
- d) unless otherwise permitted, wood or solid fuel fires must be in designated areas only.

# PARK FIRE RESTRICTIONS updated 05 April 2019

Due to an extension of the 2018/19 Country Fire Service (CFS) Fire Danger Season dates within some districts additional restrictions apply:

- 1) only use designated campfire areas; and
- 2) make sure the area around and above the fire must be clear to 4 metres; and
- 3) the area of the fire should not exceed 1 metre square; and
- 4) a responsible person is near the fire at all times with water or appropriate extinguisher on hand; and
- 5) make sure the fire is out before leaving campsite.

**Note:**

Some parks have extended their fire ban dates – check dates below

**Note:**

Subject to the *National Parks and Wildlife (National Parks) Regulations 2016*, *Fire and Emergency Services Regulations 2005* and *Wilderness Protection Regulations 2006*, and the further restrictions detailed in the table below, fires are only permitted where:

- a) a Total Fire Ban has not been declared;
- b) wood or material used in the fire has not been collected from a reserve or wilderness protection area;
- c) a person who is able to control the fire is present at the site of the fire from the time it is lighted to the time it is completely extinguished; and
- d) unless otherwise permitted, wood or solid fuel fires must be in designated areas only.

# PARK FIRE RESTRICTIONS updated 05 April 2019

Due to an extension of the 2018/19 Country Fire Service (CFS) Fire Danger Season dates within some districts additional restrictions apply:

- 1) only use designated campfire areas; and
- 2) make sure the area around and above the fire must be clear to 4 metres; and
- 3) the area of the fire should not exceed 1 metre square; and
- 4) a responsible person is near the fire at all times with water or appropriate extinguisher on hand; and
- 5) make sure the fire is out before leaving campsite.

**Note:**

Some parks have extended their fire ban dates – check dates below

**Note:**

Subject to the *National Parks and Wildlife (National Parks) Regulations 2016*, *Fire and Emergency Services Regulations 2005* and *Wilderness Protection Regulations 2006*, and the further restrictions detailed in the table below, fires are only permitted where:

- a) a Total Fire Ban has not been declared;
- b) wood or material used in the fire has not been collected from a reserve or wilderness protection area;
- c) a person who is able to control the fire is present at the site of the fire from the time it is lighted to the time it is completely extinguished; and
- d) unless otherwise permitted, wood or solid fuel fires must be in designated areas only.
